<b>Job Site Street:</b>	<b>City/Zip:</b>

Competencies to be developed are on the attached ICTC competency list from the program area(s) related to the student-learner's career objective. The training supervisor may add to the list of competencies at any time before the end of the school year.

The following learning activities briefly describe what the student-learner will do to master the competencies highlighted:

*Student name will be assigned to a variety of job tasks related to a network administrator's assistant/computer technician position. While on the job student name will have the opportunity to master previously acquired skills and be exposed to new learning experiences. Work which is considered hazardous will be incidental to overall time in this training period.*

*Only those competencies which have been mastered according to industry standard during the job training period as evaluated by his supervisor will be added to his overall ICTC list of competencies.*

**VOCATONAL PROGRAM CLUSTER OF STUDENT-LEARNER:**
